VIDA GLOBAL GUIDE: YOUR ONLINE NETWORK FOR A CONSCIOUS AND HEALTHY LIFE.

What is Vida Global Guide?

[Visit our website](#)

Vida Global Guide is an online guide designed to clearly and efficiently present everything we consider essential for living a conscious and healthy life. For this reason, we cover a wide range of topics, including art. Our platform is divided into four main sections:

CALENDAR, AGENCY, SHOP, AND HELP ME TO HELP.

Calendar: Allows users to find retreats, events, festivals, organic markets, workshops, and sessions anywhere in the world, filtering by location or category.

Agency: A space dedicated to artists and holistic facilitators from around the globe.

Shop: A place to discover products and services aligned with a conscious lifestyle.

Help Me To Help: Connects people with NGOs, community kitchens, shelters, and more, facilitating access to charitable initiatives.

The main purpose of Vida Global Guide is to create a global network where users can find everything they need in one place, simplifying the search process and connecting people with similar interests.

The Origin of Vida Global Guide

"This guide was born out of my personal need when traveling alone, searching for specific events in different parts of the world but struggling to find the information I needed. I often had to rely on knowing local people to discover organic markets or conscious events. I consider art to be a fundamental part of living a conscious and healthy life, which is why I include events, festivals, and highlight individuals who contribute to this area. This led to the idea of creating an accessible and organized platform for everyone."

Mika Somoza.

Frequently Asked Questions

- Do you work on commission?

No, we offer fixed prices so that you can be part of this great network.

- Does creating a profile in the Agency mean I've logged into the website?

No, creating a profile in the Agency is not the same as logging into the website. It is not necessary to have an account to promote events in the Calendar.

When you create a profile in the Agency, you are promoting your work as an artist or holistic facilitator, which gives you visibility within our network. If you want to promote events, retreats, or festivals, you should complete the specific form under the Events section of our registration form.
